Round 6&7 HONDA RJAYS CLUBMAN ROAD RACE CHAMPIONSHIP SERIES

Venue: **Sydney Motorsport Park**

Date: **8th & 9th November, 2014**

MA Permit No: **6/14/51510**

Date Prepared: 21st October, 2014..

PLEASE STUDY ALL THE ENCLOSED INFORMATION VERY CAREFULLY.

If there is anything that you feel is incorrect please 'FAX BACK' the form ASAP advising the incorrect details. If the problem can be fixed prior to arriving at the circuit it will be sure to save a lot of time.

There are no garages or carports available for competitor use. You will need to bring Quick Shades or similar with you. In addition you will also need something to hold them down as you are not permitted to nail holding spikes into the tar surface.

There is no power available. You will need to bring generator with you if you use tyre warmers.

ON ARRIVAL at the circuit please come AND SIGN ON in the SOUTH CIRCUIT RACE SECRETARY'S OFFICE PRIOR TO GOING TO SCRUTINEERING. You will then collect the required Scrutineering card to have your machine and riding gear examined. In addition competitors who required 1 Event Licences will need to sign and collect them.

TRANSPONDERS FOR ELECTRONIC TIMING- South Circuit

Transponders are collected from Race Secretary's South Circuit Office and must be returned to Race Secretary's South Circuit Office at the end of the DAY (except for those few competitors who are continuing to race Sunday on the GP Circuit). **You will be required to sign a hiring agreement and leave your Competition Licence as holding deposit for each unit.**

If the transponder is damaged during the meeting or if the unit is not returned at the conclusion of the meeting you could have a problem going home without your licence plus receive an account for the cost of the transponder. If you DON'T have a Full competition licence you are required to pay the normal \$50.00 holding deposit for each unit.

Transponders can ONLY be secured to your motorcycle using an AMB Transponder Bracket which are available for \$15.00 each. The replacement cost of lost or damaged transponders is the responsibility of the Competitor. NB this cost is \$655 each.

RIDING NUMBERS: Due to duplication in some events quite a number of competitors have been allocated numbers other than what they requested. Numbers are available for sale at circuit.

PLEASE ENSURE YOUR RIDING NUMBERS ARE CLEAR AND EASY TO READ. NOTE: the timing tower is on riders RIGHT on the South Circuit so make sure any front numbers that are not centrally placed are on the riders right.

SPECIAL NOTE: After unloading, ALL CARS AND TRAILERS MUST be moved to hill opposite entry to the South Circuit.

If you do not move your car and trailer from the Pit Area – ARDC Security will tow the vehicle away.

Wishing you all a great weekend.

Jan Blizzard,

Race Secretary.
