## ABOUT US:

The Man Walk is a simple concept designed to strengthen communities, build social capital and combat isolation by connecting men to walk, talk and support.

The Man Walk provides an opportunity for men to get together and walk and talk in a positive and inclusive environment. There is no judgement, pressure or expectations. Just turn up when you feel like it, walk with a group of like-minded blokes, and be a part of our community.

The Man Walk started in 2018 in Kiama, on the south coast of New South Wales and has grown into an international movement with men walking, talking and supporting all around Australia and the world.

## OUR GOALS ARE SIMPLE:

- ✓ We want to provide an environment that is positive, supportive and inclusive, where there is no pressure, no barriers to entry, just an opportunity to walk, talk and support.
- ✓ We want to promote and support men's physical, social and mental health through physical activity and social interaction.
- ✓ We want to build social capital, resilience and support networks for men in communities throughout Australia.
- ✓ We want to make it ok to talk, and we want to make it ok for men to ask for help if they need it.
- ✓ We want our men to become strong role models for their children, families and communities.

## MORE ABOUT US:

We are passionate about men's physical, social and mental wellbeing, and we believe that by providing opportunities for regular physical activity and social interaction, that we can play a small role in the prevention framework for mental health problems in men.

We are witnessing first hand how The Man Walk is helping build social capital and resilience in communities throughout Australia in a demographic that desperately needs it.
